DATREON

CAPABILITY STATEMENT
SOFTWARE ENGINEERING & AI CONSULTING

Engineering Intelligence. Delivering Impact.

CERTIFIED SWaM Small, Women and Minority-Owned
Supplier Diversity Strengthens the Commonwealth
by the Virginia Department of Small Business & Supplier Diversity

Datreon is a Virginia-based software engineering and AI consulting firm. We design, build, and modernize technology at every layer of the stack — delivering production-grade systems for organizations that cannot afford to fail.

CORE COMPETENCIES

Web & Mobile Applications
React, Angular, Node.js, iOS & Android. Custom platforms, portals, and consumer apps.

Cloud & DevOps
AWS, Azure, GCP architecture. CI/CD, migration, security, cost optimization.

Legacy Modernization
Safely upgrade aging systems without disrupting operations. Assess, plan, execute.

AI Integration & Automation
LLM integration, intelligent workflows, document processing, AI readiness.

Data Engineering & Analytics
Pipelines, dashboards, and reporting that turn raw data into decisions.

AI Training & Advisory
Workshops, readiness reviews, and hands-on coaching for teams adopting AI.

DIFFERENTIATORS

- **One team, total ownership.** You work directly with the team building your solution from day one — no account managers, no handoffs, no diluted delivery.
- **Real ownership.** Most technology fails not because of the technology, but because nobody took real ownership. That is what we bring to every engagement.
- **End-to-end, one team.** Architecture through launch across the full stack — web, mobile, AI, cloud, and data — without subcontracting the core work.
- **Documented past performance.** Multi-year contracts and delivered outcomes on record — the foundation of every proposal we submit.

PAST PERFORMANCE

Swisslog Logistics Inc
5+ YEARS · NEWPORT NEWS, VA

Multi-year software consulting engagement. Architecture design, systems integration, and technical leadership for enterprise logistics automation platforms.

ARCHITECTURE · SYSTEMS INTEGRATION · TECHNICAL LEADERSHIP · ENTERPRISE
